

Kings Meadow Community Comprehensive School is a prestigious PFI education facility in Dunston, Gateshead

Twelve of Express IT staff were utilised with the rollout of PC's to the desktop for the installation of 380 newly purchased PC's and laptops.

Upon taking delivery of the hardware, each item had to be unpacked, transported, asset tagged, imaged, set up and configured for different user types throughout the complex. All was handled within the stringent given timescales as well as the removal of all waste from site which was sorted and sent for recycling.

“The task at hand was undertaken professionally and without compromise. Unreservedly recommended” Morse Project Manager
